PROFESSIONAL SUMMARY

Full-stack developer with 1+ years of experience in Java, Spring Boot, Angular, and REST APIs. Skilled in building scalable web apps and working in Agile teams.

EDUCATION

Bachelor of Technology in Computer Science

July 2020 – June 2024

Graphic Era Hill University, Dehradun

CGPA: 7.50 / 10

SKILLS

Programming Languages & Frameworks

Java | Spring Boot | Flask | Angular | React

Web Technologies

TypeScript | Bootstrap | RESTful APIs | JSON

Database & Code Management

MySQL | Oracle | Git | GitHub | Version Control

Soft Skills

Problem-Solving | Communication | Team Collaboration

EXPERIENCE

Software Engineer – Full Stack Developer, LTIMindtree

Oct 2024 – Present

- Built 2+ full-stack apps using Java, Spring Boot, Angular, and JWT, improving delivery speed by 15–20%.
- Developed and integrated 30+ REST APIs, reducing frontend-backend issues by 40%.
- Achieved 95%+ test coverage with Postman and JUnit, cutting bugs by 30%.
- Collaborated with a cross-functional team of developers in Agile sprints to deliver business-critical features.
- Secured APIs using JWT-based authentication with refresh token strategy, improving session reliability.

PROJECTS

Trainer Hub Platform | Spring Boot, Angular, JWT, Bootstrap

- Developed a platform for managers and coordinators to enroll trainers and manage training sessions.
- Implemented JWT-based authentication, securing access for 3+ user roles.
- Developed and tested 15+ REST APIs, ensuring smooth frontend-backend integration.
- Enhanced UI with Bootstrap, adding features like resume upload, improving usability by 25%.

Image Caption Generator | Python, Keras, TensorFlow, ResNet50

- Designed a CNN-RNN model to generate captions for uploaded images with 70 %+ BLEU score accuracy.
- Used ResNet50 for feature extraction and LSTM for sequence generation.
- Built a Tkinter GUI for real-time image upload and caption display.
- Applied text preprocessing and sequence padding, improving model performance by 15%.

CERTIFICATIONS

- Full-Stack Web Development – Udemy
- Spring Data JPA with Hibernate – Udemy
- Typescript and React JS – Udemy
- Deep Learning: Neural Networks & Artificial Intelligence – Udemy
